Andrea's beautiful singing helped make our wedding day very special. She was easy to work with; she suggested great songs for the ceremony, and she was flexible about where in the ceremony we wanted her to sing. We would definitely recommend her to other couples!

We were both excited to have Andrea sing at our wedding. She has the voice of an angel. Our guests complimented us on having such a wonderful singer.

Andrea's singing at our wedding was a true blessing. She has a large selection of songs from which to choose; in fact, she happened to suggest "Be Thou My Vision," which is one of my favorite hymns. It fit perfectly with the theme of our wedding. Her performance was expressive and exceptional in every way; she is a truly gifted musician!
